TAKE COMMAND OF YOUR FUTURE

TECHNICIAN TRAINING FOR THE TRANSPORTATION INDUSTRY

MILITARY EDITION
SALUTE TO SERVICE SCHOLARSHIP
We proudly salute those who have served our country. As a part of our larger effort to support military Veterans, we offer a 10% tuition discount through the UTI Salute to Service scholarship to Honorably Discharged Veterans.¹

DEDICATED MILITARY ADMISSIONS SUPPORT
Our military admissions support team understands proper military procedures and communication channels. As a result, we can help you make your transition to UTI as smooth as possible.

G.I. BILL® AND VETERAN BENEFITS
A Veteran point of contact at every campus can assist you in ensuring your G.I. Bill® benefits² and other VA benefits³ are applied to the cost of your tuition.

FINANCIAL AID AVAILABLE TO THOSE WHO QUALIFY
Our Financial Aid Representatives can help you sort through available resources to find the best possible options for you, including government and privately funded programs, loans, grants and scholarships.⁴

OTHER FINANCIAL SUPPORT
Scholarships, grants and other financial support are available for veterans through the UTI Foundation and the Combined Federal Campaign (CFC). Information online at utifoundation.net.

TUITION REIMBURSEMENT INCENTIVE PROGRAM (TRIP)
Some companies offer to reimburse hired graduates for their student loans.⁵

RELOCATION SERVICES
We offer a variety of relocation services designed to provide the information you need to feel confident about the move ahead. These include:

HOUSING ASSISTANCE — We can help you locate suitable housing close to campus.

PART-TIME EMPLOYMENT ASSISTANCE — We can also help you find local, part-time employment that allows you to work while you train.

FAMILY EMPLOYMENT SEARCHES — We also offer career search services for family members relocating with you.

GRADUATE EMPLOYMENT ASSISTANCE
When you graduate from UTI, MMI or NASCAR Tech, we make every effort to help you find employment within the industry in the geographic area of your choice. In fact, 4 of 5 UTI graduates find employment in their fields of study.**

¹Discount does not apply at Exton, PA campus. The Avondale Campus has a Yellow Ribbon Program that a Veteran student can choose to use rather than applying the 10% discount. ²G.I. Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at www.benefits.va.gov/gibill. ³VA benefits may not be available at all campus locations. In order to apply for approval of VA benefits, a campus must be open for at least two years and have graduated its first class. ⁴Scholarships are available to those who qualify. Specific conditions, criteria and awards vary by state. ⁵Incentive programs and employee eligibility are at the discretion of the employer and available at select locations. Special conditions may apply. Talk to potential employers to learn more about the programs available in your area. UTI cannot guarantee employment or salary. ⁶For details, see the bottom of the inside back cover.
WHAT DO I NEED TO DO TO GET MY EDUCATIONAL BENEFITS STARTED AT UTI?
The first step is to apply for admission to UTI. Once you are accepted, the VA Coordinator will email you a veteran’s packet within 2 business days of enrollment. The packet is a checklist of items to help you set up your appropriate benefits. The VA Coordinator on campus or your Admissions Representative will assist you with any questions about the packet.

WHAT VETERANS BENEFITS CAN BE USED AT UTI?
Chapters 30, 31, 33, 35, 1606 and 1607

HOW LONG CAN IT TAKE TO RECEIVE MY VA BENEFITS?
Processing times vary with the VA. Once the initial certification is complete, it can take up to 60 days for your benefits to be in place.

IF I PREVIOUSLY ATTENDED AN INSTITUTION AND UTILIZED BENEFITS, WHICH FORM DO I NEED?
VA Form 22-1995 is required along with transcripts and documents included in your VA packet.

WHAT DOCUMENTATION DO VETERANS NEED TO SUBMIT TO UTI?
Each veteran must provide:
+ Certificate of Eligibility received after submitting 22-1990 or 22-1995 to VA using VONAPP (printout of completed VONAPP also must be submitted by students enrolled at California campuses)
+ DD214-Member 4; NGB22; or letter from a commanding officer that includes applicant’s name, birthdate, Social Security number (at least last 4 digits), and current or anticipated discharge status
+ UTI/MMI/NASCAR Tech Statement of Understanding
+ Prior Training/Education Form
+ Copies of transcripts from the military (AARTS/SMART/JST) and all previously attended schools to evaluate prior training

IF I PREVIOUSLY USED CHAPTER 35 BENEFITS AT ANOTHER INSTITUTION, WHAT PAPERWORK DO I NEED TO SUBMIT?
VA Form 22-5495 is required along with transcripts and documents included in your VA packet.

WHAT IF CHAPTER 33 (TOE-TRANSFER OF ENTITLEMENT) BENEFITS ARE TRANSFERRED TO ME?
Form 22-1990E would need to be completed in place of the 22-1990 along with all documentation included in your VA packet.

IS ADVANCE PAYMENT AVAILABLE AT UTI?
Advance payment is available for all chapters with the exception of Chapters 33 (Post 9/11) and 1607.

HOW DO I FIND OUT IF I HAVE ANY VA BENEFITS LEFT?
Contact the Department of Veterans Affairs at 1-800-827-1000. eBenefits: https://www.ebenefits.va.gov/ebenefits/homepage

CAN I APPLY FOR FINANCIAL AID IN ADDITION TO USING MY VA BENEFITS?
Yes! VA benefits are not considered when determining financial aid eligibility.

DOES UTI PARTICIPATE IN THE YELLOW RIBBON PROGRAM?
Only institutions of higher learning (IHL) are eligible for this program. At UTI, this only includes our automotive campus in Avondale, Arizona, which is our only degree granting institution.

HOW IS BASIC ALLOWANCE FOR HOUSING (BAH) CALCULATED AT UTI?
The monthly housing allowance (Basic Allowance for Housing – BAH) amount for those who are eligible is based on the ZIP code for the campus being attended at the rate of an E-5 with dependents and is prorated based on a student’s percentage of eligibility. All monthly housing allowance payments are based on a 30-day month cycle regardless of the number of calendar days in the month. To be eligible for the housing allowance, students must register attendance in the course for that month. Interval pay/break pay is not applicable to housing benefits, which means you will not be paid a monthly housing allowance for weekends or holidays between courses. This may result in receiving more than one payment from the VA in a month.

HOW LONG WILL IT TAKE TO GET MY FIRST BAH PAYMENT?
BAH is paid in arrears, which means it can take up to 60 days to receive a payment as processing times vary.

After graduating UTI, I was offered a spot in the Peterbilt program and hired for a position at their Delaware location. This means I know where I’ll be working, how much I’ll make and what my benefits are before the training ends. I’m in the best position possible and a big reason is my UTI Admissions Representative. She worked with me every step of the way.

Shawn Brady
Former U.S. Army
UTI Graduate

FREQUENTLY ASKED QUESTIONS FOR VA BENEFITS

"UTI graduates’ achievements may vary."
**Why choose UTI?**

**Because the industry does.**

The world’s leading manufacturers trust UTI to train their technicians. Only UTI has teamed up with manufacturers of more than 30 top brands to provide technician training based on their own training programs. Together, UTI and these manufacturers have invested millions of dollars to ensure on-campus labs are equipped with the latest vehicles, equipment, tools and training aids.

UTI’s instructors are professionals with real-world experience who have industry certifications and credentials. They know how to teach the way you want to learn. As a result, you have the opportunity to earn manufacturer certifications and credentials that are extremely valuable to future employers, and as a UTI graduate, you’re ready to work.

As a respected leader in technician training for 50 years, UTI graduates more technicians than any other school in the country. And, our industry relationships are one of the reasons that 4 out of 5 of our graduates find employment in their fields of study.**

The best manufacturers in the world choose UTI. Shouldn’t you?

---

**Why UTI?**

- **BRAND & REPUTATION**
  Graduating from a school with a quality reputation is important. As a leading provider of technician training, UTI has graduated more than 190,000 technicians and has been in business for 50 years.

- **RELATIONSHIPS WITH THE INDUSTRY**
  The companies that work with UTI do so for a reason: They trust UTI to train the technicians that they employ. Many of UTI’s manufacturer-supported and branded programs are not available at any other school.

- **FOCUSED AND ACCELERATED TRAINING**
  We teach what industry says matters most. You can complete an entry-level technician program in about a year, add manufacturer training and graduate in as little as 18 months. Our automotive, diesel and collision repair training programs are accredited by the National Automotive Technicians Education Foundation (NATEF), a division of the National Institute for Automotive Service Excellence (ASE). Graduates are well prepared to complete ASE examinations and can substitute our training for one of the two years of work experience required to become ASE Certified.

- **CERTIFIED, EXPERIENCED & CARING INSTRUCTORS**
  All of our instructors have years of experience working as technicians in the field. The majority are certified and credentialed in their areas of expertise and have a genuine interest in your success.

- **LATEST TECHNOLOGY & EQUIPMENT**
  Our industry relationships mean you will be learning the most current technology, hands-on, in labs outfitted by our industry partners for your success.

- **DIRECT CONNECTIONS TO A GREAT CAREER**
  Our Employment Services team will bring our industry connections directly to you before you graduate. They will work with you to help develop your résumé and hone your interviewing skills. We will help you find your first job and assist you in your employment needs after you graduate through access to our alumni community, UTI Connect.

AUTOMOTIVE TECHNICIAN TRAINING

COURSE LENGTH: 51 WEEKS
PROGRAM LOCATIONS: AZ, CA, FL, IL, MA, NC, PA, TX

In UTI’s Automotive Technology program, you’ll learn how to diagnose, maintain and repair domestic and foreign automobiles. You will also find out how to troubleshoot problems of all kinds, using the latest engine analyzers, handheld scanners and other computerized diagnostic equipment. You’ll learn everything from basic engine systems to computerized fuel injection, anti-lock brakes, computerized engine controls and much more.

UTI’s Automotive Technology program is accredited by the National Automotive Technicians Education Foundation (NATEF), a division of the National Institute for Automotive Service Excellence (ASE).¹

YOUR COURSES WILL INCLUDE:

Automotive Engines & Repair
Professional Service Writing
Automotive Power Trains
Brakes¹
Electronic Technology
Climate Control
Driveability & Emissions
Advanced Diagnostic Systems
Power & Performance

Graduates of UTI’s Automotive Technology program are well prepared to complete ASE examinations and can substitute their training for one year of the two years of work experience required to become ASE Certified.

And, you can take your training to a higher level by supplementing your core training program with Manufacturer-Specific Advanced Training. Our industry relationships mean you have more opportunities to specialize your training and more connections when searching for a great career.

¹Not all programs are NATEF accredited. ¹At the Rancho Cucamonga campus, the evening program is 68 weeks. At the Mooresville campus, the program is 48 weeks. ¹UTI graduates’ achievements may vary.

Michael Heyman –
BMW FastTrack Instructor, UTI Orlando

To learn more about UTI’s automotive programs, visit UTI.edu/Auto
In my opinion, UTI is the best of the best in technical schools.

Brandon Becker
Former U.S. Marine
UTI & BMW STEP Graduate

You’ll learn how to get the “biggest bang for the buck” and to optimize performance through modification. UTI’s Power & Performance courses meet the needs of the true performance enthusiast, covering everything from converters and camshafts to cylinder heads and nitrous oxide. Performance modifications will be put to the test on a chassis dyno and engine dyno.

And, get all the “tuning” skills you’ll need to perform vehicle modifications while keeping your specs and emissions strictly street legal. Power & Performance also brings you up to speed in one of the fastest growing sectors in automotive technology: the personalization and performance enhancements of sport compact cars. You’ll get the lowdown on power adders — superchargers, turbochargers, cold air induction, nitrous, ignition and exhaust upgrades — and figure out how they perform during dyno testing.

All of these skills will make you an even better technician — and more attractive to employers.

See it for yourself. Visit UTI.edu/PandP for more information.

1Power & Performance courses are not part of the Automotive Technology Program at NASCAR Tech.
MANUFACTURER-SPECIFIC ADVANCED TRAINING

The best way to start your career faster, with better pay, and to become more attractive to potential employers.

If you want to be best positioned for a career you’ll love, UTI’s Manufacturer-Specific Advanced Training programs are the way to go. Employers want to hire technicians who are ready to work, and UTI’s factory-authorized training ensures that you train on the latest vehicles, tools and equipment supplied by the world’s best manufacturers. Many of these programs are not available at any other school, and our manufacturer relationships mean more career opportunities for you. We offer two different types of Manufacturer-Specific Advanced Training programs:

STUDENT PAID
Our student-paid programs are high-quality, exciting ways to learn about specific manufacturers and their vehicles. Adding Manufacturer-Specific Advanced Training will increase your knowledge, make you more attractive to potential employers, and give you the opportunity to earn valuable credentials and certifications offered by the manufacturers.

MANUFACTURER PAID
Manufacturer-paid programs are top-level, specialized training programs that feature an advanced curriculum available to graduates of UTI’s core automotive and diesel programs. The best of the best at UTI are eligible to apply and be selected for manufacturer-paid training upon completion of core training.

On average, UTI graduates who have taken a Manufacturer-Specific Advanced Training program are employed at a higher rate.\(^3\)

On average, UTI graduates who have taken a Manufacturer-Specific Advanced Training program take less time to secure employment.\(^3\)

On average, UTI graduates who have taken a Manufacturer-Specific Advanced Training program receive a higher starting wage.\(^3\)

BMW RELATIONSHIP BEGAN: 1995

THE ADVANTAGES

BMW’s partnership with UTI includes two great ways to get trained on some of the most precision-engineered vehicles being made today.

BMW FASTTRACK

FastTrack is 12 weeks of intensive BMW-specific training on current models of some of the world’s most sophisticated driving machines, including the Z4, X3, X5, X6, 3, 5, 6 and 7 Series automobiles. You’ll learn the latest engine electronics on twin turbo, direct injection engines.

This student-paid training sets you up for an accelerated career with BMW. Earn up to 7 factory credentials and achieve BMW Level IV technician status.

BMW SERVICE TECHNICIAN EDUCATION PROGRAM (STEP)

The 20-week BMW manufacturer-paid program, which includes a 4-week internship upon graduation, provides select UTI students with extensive training on BMW vehicles.

BMW pays for the training to prepare graduates for jobs working at BMW franchised dealers.

Graduates may earn up to 8 factory credentials and BMW Level III technician status.

Your training is valued by BMW dealerships and independent repair shops nationwide.

Student transcripts are loaded into BMW’s national technician database to ensure your training history is tracked and available to future employers.

20 MILLION+

THE ADVANTAGES

GM TECHNICIAN CAREER TRAINING

UTI’s 12-week, student paid GM Technician Career Training prepares you for a career in one of GM’s 4,400 dealer locations. As a technician in the GM Technician Career Training, you’ll experience a blended training program of online learning and hands-on training to diagnose, repair and maintain gasoline and diesel vehicles for the Chevrolet, Buick, GMC and Cadillac brands.

When you participate in the GM Technician Career Training program, you’re getting skills and experience valued by every GM dealership. You can earn GM course credits that can elevate you to Bronze, Silver and Gold levels in multiple certification areas upon graduation:

- 11 GM instructor-led classroom course credits
- 60 required web-based credits
- 45 supplemental enrichment web-based credits

For more information, visit UTI.edu/GM

The mannerisms instilled through the military combined with the professional education provided at UTI resulted in immediate employment at a very competitive wage.1

13 MILLION+
Honda and Acura vehicles on the road today, meaning strong employment opportunities

UTI’s partnership with Mercedes-Benz includes two opportunities to perfect your skills on some of the world’s most supremely engineered automobiles.

MERCEDES-BENZ
RELATIONSHIP BEGAN: 1996

THE ADVANTAGES

MERCEDES-BENZ ELITE START
The 12-week Mercedes-Benz ELITE START program is offered exclusively to Universal Technical Institute students. In this student paid program, you will learn specific operations and procedures that Mercedes-Benz dealerships adhere to as well as the core competencies necessary to complete light-repair and maintenance work.

The Mercedes-Benz ELITE START program is currently offered in Houston, Texas; Norwood, Massachusetts; and Rancho Cucamonga, California. After graduation, you will have the credentials needed to start your automotive career as a Qualified Technician at a Mercedes-Benz dealership.

MERCEDES-BENZ DRIVE
The 16-week Mercedes-Benz DRIVE program is targeted toward individuals looking to advance their automotive careers at Mercedes-Benz dealerships. This manufacturer paid program is highly competitive and reserved for the best of the best. The majority of your time will be spent in the lab learning deductive reasoning, and the major vehicle components and systems found in our luxury vehicles.

The Mercedes-Benz DRIVE program is currently offered in Jacksonville, Florida; Long Beach, California; and Norwood, Massachusetts. After graduation, you will be placed at a Mercedes-Benz dealership where you will begin your automotive career as a Systems Technician.

NISSAN / INFINITI

RELATIONSHIP BEGAN: 2006

THE ADVANTAGES

NISSAN AUTOMOTIVE TECHNICIAN TRAINING (NATT)

UTI’s Nissan Automotive Technician Training gets you ready to work on the full line of the latest Nissan and Infiniti models, tools and technologies, including an introduction to the latest hybrid engines.

Nissan has provided more than $1 million in vehicles and more than $500,000 in tools and equipment to UTI since 2006. The NATT program is greatly valued by Nissan and the transcripts of students are loaded into Nissan’s nationwide technician database to track training history.

The 9-week, student-paid NATT program provides 60 percent of the Nissan course credits and requirements available to Nissan techs, preparing you to start your career immediately after graduation and making you more attractive to employers. The program includes a strong electrical focus and other critical experiences that make you more marketable in the automotive industry.

TOYOTA / LEXUS / SCION
RELATIONSHIP BEGAN: 2005

THE ADVANTAGES

TOYOTA PROFESSIONAL AUTOMOTIVE TECHNICIAN (TPAT)

UTI’s 12-week, student-paid Toyota Professional Automotive Technician training prepares you for a career working in a Toyota, Lexus or Scion dealership. Graduates earn 9 Toyota and 5 Lexus University of Toyota course credits upon completion of all program requirements. Students in the TPAT program receive focused training on Toyota, Lexus and Scion procedures, equipment and vehicles, including the Toyota Prius with its hybrid drive system. Students also receive their own Toyota SPIN training ID that tracks their Toyota and Lexus training history within the dealer network. Students are Toyota Maintenance Certified during the training. They are also trained in Toyota Express Maintenance procedures. Program graduates can achieve Toyota Technician Expert status upon completion of all on-campus, post-campus and tenure requirements. This is the second tier in Toyota’s dealer network.

PORSCHETECHNOLOGYAPPRENTICESHIP
PROGRAM (PTAP)

The Porsche PTAP training is an ultra-exclusive opportunity at the company’s PCNA training centers in Atlanta, Georgia, and Easton, Pennsylvania. PTAP classes are limited to just 12 students — one of the best student-teacher ratios in the industry. Porsche directly supports, equips and invests in the UTI PTAP program, allowing students to receive training on all of Porsche’s world-class automobiles, tools and technologies, including the 911, Boxster, Panamera, Cayman, Cayenne and Macan.

This exclusive 23-week, manufacturer-paid advanced training program accepts only the best of the best for extensive training; making graduates extremely attractive for technician careers at Porsche dealerships.

The time spent at this school was well worth the quick year and some months it took to take Auto and the Toyota program. UTI helped me have a much more technical outlook on vehicles which helped me get a job with Toyota.

PROGRAM (PTAP)

The Porsche PTAP training is an ultra-exclusive opportunity at the company’s PCNA training centers in Atlanta, Georgia, and Easton, Pennsylvania. PTAP classes are limited to just 12 students — one of the best student-teacher ratios in the industry. Porsche directly supports, equips and invests in the UTI PTAP program, allowing students to receive training on all of Porsche’s world-class automobiles, tools and technologies, including the 911, Boxster, Panamera, Cayman, Cayenne and Macan.

This exclusive 23-week, manufacturer-paid advanced training program accepts only the best of the best for extensive training; making graduates extremely attractive for technician careers at Porsche dealerships.

MOTORSPORTS INDUSTRY ALLIANCES

UTI maintains relationships with major players in the motorsports arena so you can have connections to this exciting industry!

Want to work on a race team? Graduates have joined many racing series teams, and our industry relationships mean more opportunities for you.

Racing series and teams that have employed UTI, MMI or NASCAR Tech graduates:

- ARCA
- DIRT MODIFIERS
- FORMULA DRIFT
- FORMULA ONE
- IHRA
- IMCA
- IRL
- LATE MODEL
- MONSTER ENERGY SUPERCROSS
- MONSTER JAM
- NASA
- NASCAR
- NASCAR CAMPING WORLD TRUCK SERIES
- NASCAR K&N PRO SERIES
- NASCAR XFINITY SERIES
- NASCAR SPRINT CUP SERIES
- NHRA
- ROLEX GRAND-AM SERIES
- SCCA
- SUPER LATE MODEL
- USA RACING

1 Scholarships are available to those who qualify. Specific conditions, criteria and awards vary by state.
NASCAR TECHNICIAN TRAINING AT NASCAR TECHNICAL INSTITUTE

Our NASCAR Technical Institute in Mooresville, North Carolina, is the exclusive educational provider of NASCAR technician training and an official partner of NASCAR.

THE ADVANTAGES

Put yourself to the test in the only training program in the country that’s sponsored and endorsed by NASCAR!

You’ll learn everything you need to know to work on a wide variety of vehicles as part of our Auto Technology training. Then, you can add NASCAR-specific courses to learn motorsports fundamentals from high performance engines, fabrication and welding to aerodynamics and pit crew essentials. Through our elite Spec Engine program, select students have had the opportunity to build engines that competed in NASCAR-sanctioned races. Also, the instructors at NASCAR Tech bring impressive industry experience to our labs and classrooms.

Modern racing takes more than just commitment. In today’s world, you have to get an education and know technology. I’m proud that my great-nephew graduated from NASCAR Tech, where he learned what he needs to find a niche and succeed in racing.

Bobby Allison – Former NASCAR Winston Cup champion Named one of NASCAR’s 50 greatest drivers

To learn more about NASCAR Technical Institute, visit UTI.edu/NASCAR
In UTI’s Diesel & Industrial Technology program, you’ll get hands-on training with powerful engines and trucks, including Caterpillar, Cummins, Daimler Trucks North America, Detroit Diesel, International and Peterbilt. Today’s diesel engines, commercial vehicles and heavy-equipment systems are highly sophisticated with advanced computer controls and electronic functions.

UTI’s Diesel Technology program is accredited by NATEF.1

INDUSTRY RELATIONSHIPS
Cummins
Freightliner
International
Peterbilt
Western Star

When it comes to learning how to work on some of the biggest engines out there, there’s no better choice than UTI. Our Diesel Technology program has been chosen by the world’s top manufacturers to prepare you to work on everything from big trucks and corporate fleets to farm equipment and oil rigs. The biggest names in diesel choose UTI’s graduates to keep their engines running.

YOUR COURSES WILL INCLUDE:
- Diesel Engines
- Diesel Fuel Systems
- Truck Brakes & Chassis
- Climate Control
- Hydraulic Applications
- Electronic Technology
- Transport Refrigeration
- Truck Preventative Maintenance

1Not all programs are NATEF accredited.
2At the Rancho Cucamonga campus, the evening program is 60 weeks.
CUMMINS
RELATIONSHIP BEGAN: 2006

UTI offers two great programs as part of its partnership with Cummins. Students earn the same Cummins qualifications at UTI that are offered to technicians in the field at Cummins Training Facilities.

CUMMINS ENGINES TRAINING
UTI’s 12-week, student-paid Cummins Engines program provides you with an opportunity to learn on the latest engines and equipment. Cummins invests directly into UTI labs to ensure graduates are ready to work on the manufacturer’s exceptional line of diesel equipment. You can earn up to 10 Cummins qualifications, and graduates are able to do warranty work as soon as they start work at a Cummins Distributor or Authorized Dealer.

POWER GENERATION TRAINING
If you’d like to master the fundamentals of Cummins Power Generation, look no further than UTI’s Cummins Power Generation program. This 12-week, student-paid program focuses on equipment and controls, and engine maintenance of electrical generators and power generation systems that run in a variety of commercial and personal applications. Also, students have the opportunity to earn Cummins Qualifications that will allow them to perform preventative maintenance on Cummins Power Generation equipment.

For more information, visit UTI.edu/Cummins

THE ADVANTAGES

DAIMLER FINISH FIRST TRAINING
Daimler’s Finish First training at UTI is a 12-week, student-paid program. Students who attend Finish First can earn valuable certifications that might have otherwise taken years to achieve, making them top choice technicians for the DTNA dealer network.

Daimler actively invests in the Finish First curriculum. Students work on trucks that are rotated through the program to keep the technologies current and the vehicles up to date.

Daimler’s Finish First includes the opportunity to work on some of the most popular brands of trucks on the road today, including the Freightliner and Western Star brands.

Graduates qualify as Expert Level Technicians — Daimler’s highest ranking — with 7 valuable certifications that prepare them for great careers.

For more information, visit UTI.edu/Daimler

DAIMLER TRUCKS NORTH AMERICA:
FREIGHTLINER & WESTERN STAR
RELATIONSHIP BEGAN: 2008

NO. 1
Daimler Trucks North America’s rank as a heavy-duty truck manufacturer in North America

The education that I received at UTI made it possible for me to launch my second career as a heavy-duty diesel technician. I enjoy what I do, and now I am part of a mobile maintenance team working for Freightliner of Arizona.

Antonio H. Sanchez—Former U.S. Marine
UTI Auto/Diesel and Finish First Grad

1/3
Cummins’ share of the market for heavy duty truck engines in North America

12 WEEKS
The time it takes at UTI to earn Cummins qualifications that would take a minimum of 3 to 5 years to earn in the field

For more information, visit UTI.edu/Cummins

For more information, visit UTI.edu/Daimler
The demand for medium & heavy truck technicians is now as high as it has ever been. With the constant change in emissions technology and complexity of electronic controls, dealers have been forced to look for more technicians with advanced skill sets. The programs at UTI prepare students to meet these growing challenges.

John H. Koenig — Manager, Navistar Service Education Navistar Training Center

The advantages

Navistar International Education Program (ITEP)

UTI offers ITEP as a 15-week, manufacturer-paid advanced training program, where elite UTI students can receive certifications in 14 factory training categories. Graduates are fully certified to perform warranty work based on their vehicle certifications, enabling them to get an immediate jump start on their careers. The International ITEP program is highly valued by International dealers.

To be accepted into the manufacturer-paid program, each student must have a high GPA, stellar attendance and a clean motor vehicle record plus pass an entrance exam, drug test and interview. Graduates may need to relocate but pay no additional tuition to gain skills that set them apart in their field.

Peterbilt Technician Institute

As a Peterbilt Technician Institute (PTI) student, you’ll receive advanced training on the company’s products and technologies, including Peterbilt’s legendary trucks and the PACCAR MX-13 engine. The 12-week manufacturer-paid advanced training program, will help you develop the manufacturer-specific skills valued by Peterbilt’s more than 300 dealerships across North America.

To be accepted, each student must have a high GPA, stellar attendance and a clean motor vehicle record plus pass an entrance exam, drug test and interview. Graduates may need to relocate but pay no additional tuition to gain skills that set them apart in their field.

Peterbilt Program Certifications:

101- Truck Fundamentals
200- HVAC
203- Conventional Electrical
205- Hands-On Electrical
205a- 7/5 Relay Circuits
208- Suspension
222- PACCAR MX Certification
223- MX-13 Powertrain Diagnostics
261a- Model 579 Service Training
Peterbilt Software and Applications

For more information, visit UTI.edu/International

For more information, visit UTI.edu/PTI

Partnering with UTI will allow us to address the industry-wide shortage of qualified and certified Peterbilt service technicians. Our partnership will attract the next generation of Peterbilt technicians who will exceed expectations through exceptional service for our customers and their vehicles.

Darrin Siver
General Manager
Peterbilt Motors Company
UTI’s CRRT program provides students with a solid foundation in collision repair training. Graduates from UTI will enter the marketplace with industry-recognized I-CAR ProLevel credentials, contributing to their career success.

Bill Stage — Senior Director of Segment Development at I-CAR

I've been able to go from a rewarding career in the military to a career that lets me utilize my passion for motorcycles.

Julian Jaramillo III
Former U.S. Marine
MMI Graduate

For decades, MMI has been the industry’s top choice for motorcycle technicians. MMI offers the experience you need to excel in an evolving industry that includes motorcycles, ATVs, personal watercraft, snowmobiles and more. If you’re ready to accelerate on your road to success, join the school that has more graduates working in the motorcycle industry than all other schools combined.

MMI’s 48 to 102-week training curriculum is designed to meet the needs of a changing industry. We work closely with the manufacturers to ensure you receive hands-on training using the most current motorcycle technology and equipment in state-of-the-art industry training centers. And, you have more opportunities to specialize your training and earn valuable factory certifications and credentials that are not available at any other school.

For more about UTI’s Motorcycle Mechanics Institute, visit MMItech.edu
BMW MOTORRAD
RELATIONSHIP BEGAN: 2007

THE ADVANTAGES

MMI's 12-week BMW Motorrad elective is fully endorsed by BMW Motorrad USA, with curriculum, instructors and facilities approved by BMW.

The BMW Motorrad elective is equipped with the latest models and equipment to ensure our students are working on the most current motorcycles with the latest tools.

The BMW Motorrad program makes graduates eligible for BMW Motorrad USA Level 1 Certified Motorcycle Technician Status, allowing graduates to immediately step into the field and begin an exciting career working on BMW motorcycles. You will receive training on the latest advanced BMW diagnostic test equipment, including the BMW Motorrad diagnostic computer system.

Number of Kawasaki graduates trained by MMI
THE ADVANTAGES
FACTORY AUTHORIZED SUZUKI TRAINING (FAST)

MMI’s exclusive Suzuki FAST training is a 12-week elective program with a curriculum developed in partnership with Suzuki Technical Support and updated regularly to incorporate the most recent technology. FAST students also have the ability to access all Suzuki ServicePRO® dealer training required to achieve Bronze Technician Recognition level. Graduates receive six months of tenure credit toward their Bronze-level certification, cutting the amount of time required to become certified in half.

FAST students graduate with solid shop experience, MMI training and a leg up on achieving Suzuki Bronze certification and eligibility for an exciting career working on Suzuki motorcycles.

For more information, visit MMITech.edu/Suzuki

YAMAHA
RELATIONSHIP BEGAN: 1989

THE ADVANTAGES
YAMAHA YAMAPRO® TRAINING

MMI’s exclusive 12-week YamaPro® elective training is officially endorsed by Yamaha. The curriculum is developed by MMI with support and assistance from Yamaha, and Yamaha reviews the program’s instructors and facilities.

Students learn to repair a variety of Yamaha vehicles, including street/sport bikes, off-road bikes, ATVs, RUVs, PWC, snowmobiles and generators.

YamaPro® students also have the opportunity to earn Yamaha Technical Academy (YTA) Bronze-level and Silver-level Technician Certification — providing a distinct advantage for entry-level technicians beginning their careers.

For more information, visit MMITech.edu/Yamaha

6,500+
Number of Yamaha graduates trained by MMI
Along with the core marine training, MMI students enjoy specialized training for Honda Marine, Mercury Marine, Suzuki Marine, Volvo Penta, and Yamaha Marine. Each 3-week, manufacturer-specific course is designed to provide students with the knowledge and experience required to work in marinas, boat yards, marine dealers or wherever your life on the water may take you.

My Admissions Rep was always available when I needed him and returned calls and emails right away. He and the MMI staff worked hard to make sure I had all of my VA paperwork together so I never had a problem. I recommend MMI to anyone who asks me how I got my start as a marine tech.

Lewis Skerry  
Former U.S. Marine  
MMI Graduate
GET TRAINED TO JOIN AN INDUSTRY ON THE MOVE.

CAREERS

UTI training means opportunity. You can chart your own career that includes any number of exciting opportunities, such as:

- Automotive Technician
- Diesel Technician
- Motorcycle Technician
- Marine Technician
- Collision Specialist
- Master Technician
- Service Writer
- Service Advisor
- Service Manager
- Painter
- Insurance Adjustor
- Repair Estimator
- Shop Foreman
- Fleet Manager
- Parts Manager
- General Manager
- Dealership Owner
- Technical Instructor

DEMAND IS GROWING FOR PROFESSIONAL ENTRY-LEVEL TECHNICIANS AND UNIVERSAL TECHNICAL INSTITUTE IS LEADING THE WAY TO MEET OUR INDUSTRY PARTNERS’ NEEDS.

Cars today have more computer-processing power than the spacecraft that landed on the moon. There are cars that can park themselves and keys that can be programmed to control maximum speed, stereo volume and more.

The technician of today doesn’t just work with tools. The transportation industry is changing. It’s becoming more technology-based and reliant on computers and innovation. Everyone relies on transportation and we all need professionally-trained technicians to keep our vehicles running.

UTI GETS YOU READY TO WORK

The highest-quality training on the industry’s leading brands by expert instructors with real world experience and the career support you need to succeed

EMPLOYMENT SERVICES

We have local employment specialists available at each campus to help you succeed while you’re in school and after graduation. And, we have a centralized team that specializes in sourcing graduate jobs and building national relationships with dealers, distributors and other large employers across the country.

OUR SERVICES INCLUDE:

- Part-time employment assistance during school
- Professional résumé development
- Interview training
- Nationwide job database
- On-campus interviews
- Career development classes
- On-campus career fairs & recruitment

To learn more about our Student Support Services, visit UTI.edu/employment

EMPLOYERS NEED TECHNICIANS

To help attract and retain the best technicians, many employers are offering incentive packages to Universal Technical Institute (UTI) graduates in addition to standard wage and benefit packages.

The number of incentive programs available continues to grow as the demand for technicians increases. More of UTI’s employer partners are implementing these programs because they need to fill positions and they tell us they prefer to hire UTI grads.

EXAMPLES OF INCENTIVES OFFERED INCLUDE:

- Tuition Reimbursement Incentive Programs (TRIP) – Some employers will help you pay back your student loans after graduation.
- Tool purchase assistance
- Relocation assistance
- Sign-on bonuses

Talk to potential employers to learn more about the programs available in your area.

1 Incentive programs and employee eligibility are at the discretion of the employer and available at select locations. Special conditions may apply. UTI cannot guarantee employment or salary.

1
YOUR BEST CHOICE

At UTI, you choose your career path. We’ll help you make it happen through training that’s designed to provide the technical and professional skills that can lead to success. What makes UTI the best choice for you?

**EMPLOYMENT**
As a UTI grad, you’re ready to work. We actively help you start your career after graduation. In fact, 4 of 5 UTI grads find employment in their fields of study.**

**RELATIONSHIPS**
UTI is chosen by industry and we have relationships with the world’s top manufacturer brands. From our training curriculum, equipment and vehicles to employment assistance after graduation, we use our connections to help you succeed in your career.

**SKILLS TO SUCCEED**
Because UTI is committed to providing students with the skills necessary to succeed in the 21st century, we support the STEM Education Coalition and ensure necessary science, technology, engineering and math skills are included in our curriculum. Additionally, we work closely with professional school counselors and support the American School Counselor Association (ASCA).

**ACCREDITATION**
UTI is accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC), a recognized accrediting agency by the U.S. Department of Education. This ensures you have a quality education and the best opportunity for success. How?

+ ACCSC regularly conducts site visits to ensure we are meeting students’ needs and adhering to strict guidelines regarding ethical and honest practices. It also confirms our schools provide a safe learning environment and the best opportunity for your success.
+ If you plan to apply for federal funded school loans, it is important that the school you choose is accredited by a recognized agency. Only accredited schools are eligible for federal funding.

As the nation’s leading provider of technician training in the automotive, diesel, motorcycle and marine industries, our true measure of success is the success of our graduates. ACCSC accreditation is one way we can better position you for success.

*Students who are near graduation, have no outstanding obligations to the school and have not previously taken part in a tool voucher program on any UTI/UMM/NASCAR Tech affiliated campus are eligible to participate in the UTI Tool Voucher Program.
**For details, see the bottom of the inside back cover.
ARE YOU READY?

If you are willing to build your career with your own two hands and have a desire to train with the best, it’s time to get you ready for work. For more information on how UTI training can prepare you for a career you’ll really love, contact us.

UTI has a national reputation for excellence with 12 campus locations across the country and employer contacts nationwide.

**Approximately 9,900 of the 10,600 UTI graduates in 2013 were available for employment. At the time of reporting, approximately 8,700 were employed within one year of their graduation date, for a total of 88%. Per UTI’s accreditor’s reporting standards, this rate excludes graduates in the following classifications: continuing education, active military service deployment, a health condition that prevents employment, incarceration, international students who have returned to their country of origin, or death. This rate includes graduates employed in positions that were obtained before or during their UTI education, where the primary job duties after graduation align with the educational and training objectives of the program. UTI cannot guarantee employment or salary. For information about our graduation rates, the median debt of students who completed the program and other important information, visit our website at www.uti.edu/disclosure.**
